ABHISHEK MANDAL

Bengaluru | 9535005804 | abhishekmandal1927@gmail.com

OBJECTIVE

Passionate and dedicated **Computer science** student with a strong foundation in **Software development** and **Engineering principles**. Seeking an internship or entry-level position where I can apply my programming skills, problem-solving abilities, and eagerness to learn. Aspiring to contribute to innovative projects and gain hands-on experience in developing efficient, scalable software solutions while continuing to build expertise in cutting-edge technologies.

EDUCATION

Reva University   **Bengaluru, Karnataka**

B.Tech *in Information Science and Engineering*   *Graduation Date: Jun 2025*

Kendriya Vidyalaya, AFS, Yelahanka   **Bengaluru, Karnataka**

10th **Percentage**:**80.4** & 12th **Percentage**:**82.2**   *Graduation Date: Apr 2021*

CGPA

8.26

WORK EXPERIENCE

University Project   **Bengaluru, Karnataka**

Analyzing and Predicting Indian Election   *Start Date - Finish Date*

- Employed data mining and machine learning techniques to analyze and predict election outcomes.
- Explored candidate attributes, party affiliations, and historical trends to enhance predictive accuracy.
- Implemented algorithms including Decision Trees, Random Forests, SVM, and XGBoost for predictive modeling.
- Developed visualizations to illustrate relationships between winning candidates and demographics.

PROJECT EXPERIENCE

Personal Project   **Bengaluru, Karnataka**

Movie Website

This project was done just to understand the basic requirements of how to create Front-end of an Application.

In this project I have used HTML, CSS and little bit of JavaScript.

Project link: https://movie-website-chi-orpin.vercel.app/

Personal Project   **Bengaluru, Karnataka**

Quiz

Created a quiz-app in which the user gets 10 random questions from 30 Questions and the user have to complete that in 10 minutes. Basically the user have 1 minute for each question.

Used ReactJS for this project in which I got to know about React components and JSX.

This Project gave me a good knowledge of ReactJS which I have never used before.
